

American Fork River Supplemental Watershed Plan-EA Project

Public Scoping Notice

Project Information

The United States Department of Agriculture Natural Resources Conservation Service (USDA-NRCS), with assistance from American Fork City as the project sponsor, and Lehi City and Pleasant Grove City as project co-sponsors, is considering proposed improvements within the American Fork River Watershed.

The main objective of the project is to implement flood reduction and prevention solutions in specific locations within the three sponsor cities that will protect public safety on public roadways, private property, and agricultural areas. The proposed improvements may include:

- design and construction of concrete box culverts
- restore channels to:
 - increase capacity and
 - improve channel operations.

Project Timeline

The project is in the initial phase of the environmental process called scoping to identify issues and resource concerns. Technical studies are scheduled to take place during the summer of 2021, with a Draft Plan-EA to be circulated for review in early 2022.

Public Scoping Meeting

As part of the Environmental Assessment (EA), the public is invited to attend an online public scoping meeting held by NRCS. A recording of the meeting will be available on the project website.

**Wednesday
January 27, 2021
5:30 p.m.**

*Zoom: <https://zoom.us/join>
Meeting ID: 875 7280 8173
Passcode: 309343*

Written comments are requested between January 13, 2021 and February 12, 2021.

Project Vicinity Map

USDA-NRCS is requesting comments on the project to identify issues and resource concerns.
